WORK EXPERIENCE

LBSOL

Orem, UT

QC Inspector / Content Writer

Oct, 2021 - Aug, 2022

- Assisted in performing quality control for any websites or programs our company made, to write contents for the websites and products as needed, researching other competitive companies in the same market, and participating in daily business meetings to make decisions or discuss company objectives.
- Achieved a new perspective. By participating in the meetings, not only was I able to provide our company with opinions from a perspective that they couldn't think of, I was able to view and learn from a whole new perspective of how a real-world business operates and how to communicate with the team
